Dear Congressman Pickle:

Your letter to the Secretary addressing the Commission's proceeding to consider spectrum in the 915 MHz range for wind profiler radar systems (wind profilers) has been referred to me for reply.

In response to a petition filed by Radian Corporation, on March 10, 1993 the Commission adopted a Notice of Inquiry soliciting public comment on whether spectrum should be allocated for wind profilers in the 915 MHz range. (ET Docket No. 93-59). A copy of this document is attached for your

OFFICE OF THE SECRETARY

Dear Ms. Searcy:

I am writing you concerning an upcoming Federal Communications Commission decision regarding the allocation of 915 MHz as an allowable frequency for radar wind profilers.

This upcoming FCC ruling on wind profilers was brought to my attention by a research and development firm doing business in my district. The company, Radian Corporation, specializes in the development of environmental technology and has forged an
